Dear all,

On behalf of the symposium organization committee, I am writing to congratulate you on receiving the travel grant from EQ07 symposium to support your attendance to MRS this fall! For student awardees who will attend the conference in virtual, the award will cover your registration fee. For student awardees who will go to Boston in person and for postdoc awardees (both virtual and in-person), the award will cover your conference attendance cost (e.g., registration, flight to the conference, hotel and dining at conference site) up to \$300 per person. The award amount is based on your selection of virtual or in-person as of Nov. 3rd. Please register the conference by Nov. 12th before the pre-registration rate expires. I will send out more instructions on how to receive the grant.

Congratulations again! I hope you will enjoy MRS and stay connected with the materials research community in the future.

Best,

Qing
