## 11. Implementation of Safety and Security measures in the Campus

HBNI and its Constituent Institutes/Off-Campus Centre (CIs/OCC) are either R&D Centres or fully Aided Institutes of the Department of Atomic Energy and hence under strict purview and monitoring of all Government regulations from time to time. As in the case of any government organization, safety and security are of paramount importance to HBNI as well. Most of the CIs are manned by multi-layered security systems comprising private security services, departmental security officials, local police, and in some cases, CISF. All the latest surveillance gadgets are put into use, and adequate Safety and Security measures are in place for persons and materials.
